MOUNT VERNON.

The Democratic officials appear determined to keep the name of Gustave Kessler, the Republican nominee for Alderman in the First Ward, off the ticket. The time of year has arrived when wheelmen are out early and late, appearing to forget everything except their machines.—New-York Sun.

Yes, they even forget their clothes; forget that when wheeling they should be as well and carefully dressed as when walking; forget that cheap materials and work don't make good bicycle suits any more than good business suits.

Bicycle-golf suits in extra sizes: sizes to fit little boys; and the sort young men like—all of them insured against everything they shouldn't do—suits, separate breeches and separate coats.

Golf stockings of the patch-work, bed-quilt order are no longer good form—have the legs plain; \$1.50 to \$4.

5. The West Indies, at large.
